

When we use the right amount of time

for different things, we have a balance.

When different things have the right amounts of importance, we get a good balance.

We need the right **balance** between work and play.

Jdentity

Your identity is information about you.

Part of your identity is your name, gender, age, job, religion, where

you live and what you like to do.

Coming to Abbey Hill is part of your identity.

Your identity is what is special about you.

No one else has the same identity as you!

When we celebrate, we do something special to show something is good and important.

When we celebrate, we might party or do something fun!

We celebrate birthdays and festivals.

We might celebrate the King's coronation by having a street party, or taking part in The Big Help Out.

Celebrate

Work together to answer all these questions about our Word of the Week!

Hands twist at

wrist

consider

When we are sure about something we can do, we are confident.

When we think we can do something well, we are confident.

When we are sure about our skills, we are confident.

If we are sure a person Can do something well, we are confident in their skill.

Confident

Family

Your family are the people you love.

Your family are the people who take Care of you.

We often live with our family. Everyone's family is different.

You might have foster carers, grandparents, mums, dads, cousins, uncles, aunts, step-parents,

sisters, brothers, half-sisters and brothers, step-sisters and brothers in your family!

Sometimes family means 'in the same group', for example, turtles, snakes and lizards are all part of the 'reptile family'.

Work together to answer all these questions about our Word of the Week!

Family

When we donate, we give.

We can donate our money, our things or our time.

Charities often receive donations.
